INFORMATION STAPROUSA.COM GATHERS AND TRACKS

Staprousa.com gathers two types of information about users:

- Information that users provide through optional, voluntary submissions. These are voluntary submissions to receive our electronic brochures, electronic catalog pages, Flyers/Newsletters, and to receive company information products pricing by e-mail or via mail.
- Information staprousa.com gathers through aggregated tracking information derived mainly by tallying page views throughout our sites. This information allows us to better tailor our content to readers' needs and to help our advertisers and sponsors better understand the demographics of our audience. Under no circumstances does staprousa.com divulge any information about an individual user to a third party.

Staprousa.com Gathers User Information In The Following Processes:

Optional Voluntary Information

We offer the following free services, which require some type of voluntary submission of personal information by users:

Staprousa.com sometimes tracks and catalogs the search terms that users enter in our Search function, but this tracking is never associated with individual users. We use tracking information to determine which areas of our sites users like and don't like based on traffic to those areas. We do not track what individual users read, but rather how well each page performs overall. This helps us continue to build a better service for you.

Cookies

We may place a text file called a "cookie" in the browser files of your computer. The cookie itself does not contain Personal Information although it will enable us to relate your use of this site to information that you have specifically and knowingly provided. But the only personal information a cookie can contain is information you supply yourself. A cookie can't read data off your hard disk or read cookie files created by other sites. Staprousa.com uses cookies to track user traffic patterns (as described above). Our advertising system delivers a one-time cookie to better track ad impressions and click rates.

You can refuse cookies by turning them off in your browser. If you've set your browser to warn you before accepting cookies, you will receive the warning message with each cookie. You do not need to have cookies turned on to use this site.

USE OF INFORMATION

Staprousa.com uses any information voluntarily given by our users to enhance their experience in our network of sites, whether to provide interactive or personalized elements on the sites or to better prepare future content based on the interests of our users.

As stated above, we use information that users voluntarily provide in order to receive our electronic brochures, electronic catalog pages, Flyers/Newsletters, and to receive company information via mail. We send out newsletters to subscribers on a regular schedule (depending on the newsletter), and occasionally send out special editions when we think subscribers might be particularly interested in something we are doing. Staprousa.com never shares newsletter mailing lists with any third parties, including advertisers, sponsors or partners.

When we use tracking information to determine which areas of our sites users like and don't like based on traffic to those areas. We do not track what individual users read, but rather how well each page performs overall. This helps us continue to build a better service for you. We track search terms entered in Search function as one of many measures of what interests our users. But we don't track which terms a particular user enters.

Staprousa.com creates aggregate reports on user demographics and traffic patterns for advertisers, sponsors and partners. This allows our advertisers to advertise more effectively, and allows our users to receive advertisements that are pertinent to their needs. Because we don't track the usage patterns of individual users, an advertiser or sponsor will never know that a specific user clicked their ad. We will not disclose any information about any individual user except to comply with applicable law or valid legal process or to protect the personal safety of our users or the public.
